

Make Your Patient's Children Comfortable During their Visit

We selected the following products to offer a wide range of age appropriate, mess free and low noise entertainment.

Offering an entertaining space now for your future patients will help associate your office as a fun place to visit, which will make the transition into the hygiene chair that much easier!

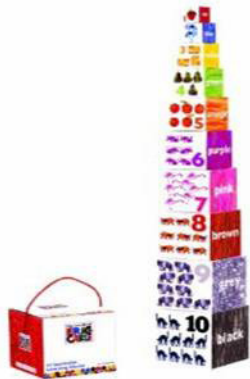

Visit Shamrock Builder's Amazon Wish List!

The list below can easily be located on Amazon.com by simply typing "Shamrock Builders" in the wishlist field.

Portable TV/DVD player: Small enough to move from room to room & appeals to a wide age group. Offer a few favorite movies!

Organize entertainment options: create clearly marked age appropriate storage drawers to help keep toys organized and reduce clutter.

Easy to clean: And relatively quiet. For 18 months & up.

Appeal to a wide age range: Fun to stack but quick for clean up. 1 – 6 years

Mess-free coloring/ No clean up: Markers only work on certain paper.

Tip: Keep anti-bacterial wipes close by and politely ask parents to clean the toys their children used during their visit. This is common practice at many community activity centers so this is not an uncommon request. It also helps reinforce the toys being offered are sanitary for their own child's use.
